Media release Swiss Structured Products Association (SSPA):

d-fine joins the SSPA as a new partner member

The Swiss Structured Products Association (SSPA) welcomes d-fine as a new partner member. This brings the SSPA's network to a total of 52 members from the entire value chain, from issuers, trading platforms and the buy-side to brokers and partners.

Zurich – 17 December 2024. d-fine is a European consulting firm which provides innovative and future-proof solutions through sustainable technological implementation. Headquartered in Frankfurt am Main, d-fine employs more than 1’500 employees in 7 countries (70+ in Switzerland). In an integrated consulting approach of business understanding and technological implementation, they accompany customers from the conceptual planning through to implementation, among others in the areas of Banking & Capital Markets, Insurance & Asset Management, and Technology. Overcoming the gap between functional and IT requirements is one of the key success factors.

Mathias Presber, Chairman of the Board at d-fine Switzerland, on the company's new membership with the SSPA: “I am delighted to join the SSPA as a partner member. We believe that with our industry expertise on a broad range of professional and technical topics combined with our Europewide client base, we are able to advance the Swiss Structured Products industry in collaboration with our fellow members. We are looking forward to interesting discussions and cooperations.”

The SSPA brings together 52 members spanning the entire value chain

Now representing 52 members, the SSPA stands at the forefront of Switzerland's Structured Products market. SSPA President Georg von Wattenwyl extended a warm welcome to d-fine, stating: “On behalf of the Board, I am delighted to welcome d-fine to our Association. Their analytical, quantitative, and technological strengths, along with their practical insights, will enrich our mission to drive industry progress.”

About Structured Products
Structured Products are investment instruments publicly issued by an issuer whose redemption value is derived from the performance of one or more underlying securities. Equities, interest rates, foreign exchange or commodities such as gold or oil may serve as underlying securities.

About the Association
The Swiss Structured Products Association (SSPA) is the first point of contact for all questions associated with Structured Products. It represents the collective interests of the key market players who bring together over 95 percent of the market volume for Structured Products in Switzerland. The headquarters of the association are located in Zurich. Further information is available at www.sspa.ch.
